Baby It's Cold Outside Wall Hanging

Instructions:

- 1) Setup the machine for embroidery and click Embroidery category. Click on the font icon of your choosing.
- 2) Using uppercase and large size lettering for this line, type in the word "BABY,". Before you type in the comma, select the number tab. To type in multiple lines, click on the Arrow key to advance to the next line (or similar feature on your machine). Type in "It's Cold." Use uppercase and lowercase letters for this line. Click on the Arrow key again to advance to the third line. Type in the word "Outside" using uppercase and lowercase lettering.
- 3) Apply the Fusible Appliqué Stabilizer to the front side of a 16" x 16" section from the backing fabric, following the manufacturers' directions. Remove the fabric from the stabilizer and place a 16" x 16" piece of the burlap fabric over the fused fabric and press to secure. This will give a solid background that will hold all of the stitches securely. Determine the center on the fabric sandwich and place a Positioning Sticker.

- 6) Remove the embroidered section from the hoop.
- 7) Setup the machine for sewing and change the embroidery foot with the Digital Dual Feed foot. Select a candlewicking stitch from the Decorative Stitches category. Using a Chalko marking pen to draw 2 lines; the first will be 1" above the first row of embroidered words, and the other 1" below the last line.
- 8) Stitch over the marked lines at a slow, even pace using the black embroidery thread. Keep the marked line positioned down the center of the presser foot.
- 9) To frame the embroidery, place the embroidered fabric center over the mat. Pull the fabric to the back side of the mat and staple in place.
